

Activity 3a Auditing Assessment Opportunities for ICT in Science

Think back to the **Face to Face Session** and the evaluation of software conducted as part of this Unit. Consider also software you have encountered since this contact session.

Use the grid below to consider the assessment opportunities provided through the use of ICT in **Science**. Think of ICT activities you currently use with pupils and complete the grid.

Provides opportunity to assess	Software and Activity
Science progress only	
Science progress and ICT capability	
ICT capability only	
Neither Science progress nor ICT capability	

Submit the completed copy of this grid in your Portfolio.
